Target role: Account Executive (PR & Communications)

SUMMARY

Client-facing marketing and communications professional with a B.S. in Business Administration from Jönköping University. Since 06/2025 I have managed the day-to-day social media accounts of multiple clients: I plan content calendars, write captions and campaign concepts, and track engagement metrics to report on and adjust strategy. Before that I coordinated logistics for more than 25 sporting events and wrote sales and promotional collateral. I work to tight daily deadlines and have a trilingual (Arabic, English, Swedish) background suited to agency client service. I am moving into public relations and agency account work. [ADD: any PR, press or media work, even academic, freelance or volunteer]

EXPERIENCE
